## PowerHeart T 100~600kVA 3 Phases Tower UPS

100~600 kVA

(D) Operation

3P/3P, Online double conversion

Small & Medium Data Center, High Density Smart Solutions, Light Industrial Applications, Smart Industry, Medium and Large Offices, Corporate Buildings.

### Characteristics

- 3P/3P pure online double transformation products, support 380 / 400 / 415V,
  50 / 60Hz power grid system, to provide the ideal power supply quality and load protection.
- High performance and efficiency, input PF>0.99,THDi<3%, efficiency >96%.
- Full DSP control, flexible and robust digital control for rectifier, inverter and battery management.

- Wide range of voltage and frequency, adapt to different grid and generator input.
- Intelligent system self-diagnosis scheme, rich fault recording, large capacity of history record storage space.
- Redundancy fan design in power module, increasing the system reliability and tolerance.
- Top/bottom cable entry, flexible for different field installation.

# PowerHeart T

### 10~80kVA 3 Phases Tower UPS Internal 7/9Ah modular battery strips

(D) Operation

Hbit

## Designed to CARE

Small & Medium Data Center, High Density Smart Solutions, Light Industrial Applications, Smart Industry, Medium and Large Offices, Corporate Buildings.

### Characteristics

• 7 inch touch LCD with IoT functions.

3P/3P, Online double conversion

- High power density, small volume.
- High reliability and environment adaptibility.
- Optional full metal battery strips, with internal batteries capable of configuring up to 16 battery module strips.
